WebCampus Course List for September / October

I'd like to invite you to join us for Light the Night to help find a cure for leukemia, lymphoma, myeloma and other blood cancers. Local 1006A has registered as a team and will participate in Light the Night Walks in Ottawa, Toronto and London.

The Leukemia & Lymphoma Society provides lanterns and t-shirts to team members who raise \$100 or more. Lanterns symbolize light in the dark world of cancer. Patients and survivors will carry white lanterns, supporters will carry red lanterns and those who have lost loved ones will carry gold lanterns.

Please share this information with fellow members to let them know how they can participate.

In Solidarity,

Wayne E. Hanley
